SECTION 19: FINAL CAPSTONE PYTHON PROJECT - 3 minutes, 1 part

1/1 Final Capstone Python Project

- -> a final capstone project
- -> he is in the project files
- -> there is an ipynb file for this
- -> this contains a list of capstone projects
- -> picking a single project which can be done in Python
- -> he gives a list of different ones to choose
  - -> these are organised by sections
  - -> numbers
  - -> classic algorithms
  - -> graph
  - -> data structures
  - -> text
  - -> numbers
  - -> networking
  - -> classes
  - -> graphs and multimedia
- -> pick a project idea on the list and do so
- -> this is for a capstone project
- -> there is a folder called "project solutions" in the file
- -> there are other solutions to the problems which you can find in Python
- -> these contain example solutions in ipynb files, et al
- -> start off small and grow larger and larger with the code base
